

A New and Improved AltaLIS.com

October 9, 2003

We have completed a major enhancement to our web site! Starting October 9, 2003, guests are invited to search for their maps, preview the maps and determine the cost of their purchase through our new *Virtual Order Desk*.

AltaLIS was formed for the purpose of making Alberta's base mapping more available, accessible, accurate and affordable. Through the Virtual Order Desk guests are able to access, view and order SDW/AltaLIS maps online at their leisure.

Furthermore, AltaLIS is offering web delivery to approved regular customers. Simply apply for an account and you could have the added convenience of downloading your own orders at any time!

For more information email us at info@altalis.com or call our order desk at (403) 716-3490.
