

## **AltaLIS VASP - New Applicant Form**

*"premium culture data for information services"*

An AltaLIS Value-Added Service Provider (VASP) builds software applications where AltaLIS datasets are either embedded or accessed by the core VASP software application code. A VASP sells pre-packaged or custom software and supports end-to-end client/server or inter/intranet solutions that may serve a variety of business clients in many sectors.

To become an approved AltaLIS VASP, complete the following AltaLIS VASP Application Form (below) and send completed application to:

Attn: AltaLIS Ltd.  
2540 - 5 Avenue NW  
Calgary, Alberta  
T2N 0T5
